My mother painted ceramic in the 50's
My Brother was an artist up until he
lost a way at 42.

I started painting with acrylics
in 2017. I came to prison in 2011
and I started doing portraits in country
I gave that up and went to painting. I feel
portraits are too personal. I paint these
paintings. And if they like them they
sell. I have 3 years left, I plan on painting
as many as I can between now and then
I will have a wet sign as Swanny.com.
I hope to have 2 to 300 paintings available
in 2022. That's my goal. pardon my
(spelling). I'm an artist too a writer.
