

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: John Moore

I was born and raised in Southwest Detroit. My family had very little but I have many good memories of My grandmother who went to hobby lobby a lot and brought home Bob Ross painting sets. Bob Ross has been an essential element of Anxiety and stress release for me over the years. Watching him paint and the calm, soothing nature of it all made me realize that art was important to me. Within the last year I have realized that I also have some artistic ability, and have started to teach myself a little at a time.
