Wooden Plaque w/ Rose

I am an Artist of Mixed media! I love to make
Wooden Crafts. I love to draw & just like most
people it is an escaping mechanism to get
away from these fences & be free. When
I pick up a pencil, pen, Popsicle stick Nobody
tells me where when or how. That's why I do
it. I wish I could make art to help people
but unfortunately we are limited to what we
can do. You would be amazed at what I can
make with a pair of fingernail clippers,
a sewing needle & some home made sanding paper.
If I could have power tools, the sky is
the limit.
