I spent 8 months crocheting this 3D Shark Grumpy Sesame Blanket and Pillow then another 2 months crocheting a fluffy soft blanket to go on the back side of blanket and pillow. The blanket on the back took (15) skeins of the fluffy yarn. The blanket on the back just cost was \$80 to buy the yarn. Someone will enjoy this blanket for life. The fluffy soft yarn makes it so you can cover up with it so its not itchy
