

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Holly K. Hibbler

I do Art in prison to help with anxiety, depression and to help pass the time. I love sharing the art that I enjoy, that I would hang in my home. The love for art runs in my family. As a child I would watch my grandmother draw or color pages that would stand out. On my Dad's side of the family, my grandfather went to college to learn art. He was good and I really got intisitat a young age. I hope that what I find beautiful, someone else will also find beautiful. At the end of the day I'm still able to support myself through my art.

Sincerely,

*Holly K. Hibbler*
