

Artist Name: Dewitt F. Gallahan IV

Art has always Played a huge role in my life. whether it is Photography, Painting, or music, I have been drawn to it on a deep level. I enjoy the escape that Painting brings, and I am always thinking of the next Project. My mental health has a Profound impact on the subjects of my Pieces. I hope that my art reflects that side of me and that someone feels inspired by what I have created.
