

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Willie James Harris # 292201

I'm doing 59 to 89 years in prison so creating things helps me deal with day to day frustration, depression, anger and thoughts of ending my life.

nonetheless all my art is made from trash to treasure.

I think a lot about being a dragon or if I had a dragon as my pet and protector, so I decided to create a dragon to help please my way of thinking,

and I can not stop looking at it, I must say, it's a beauty. hopefully it make some one else happy as it makes me 😊, Thanks to PCAP.

Some body, any body please feel free to write me, 15 years in.

I sit in my cell and gether up trash and turn it into treasure. therefore no matter how

Trashed my cell is — I see treasure of worth.
