

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: MONTNEY

It is with a great amount of emotion to write my last Artist Statement for a PCAP Show. As I enter my 20th Show I realize how much this opportunity means to me and the many friends I have made along this journey. I am so grateful to have been able ~~to~~ not only share my work but to have grown as an artist and person through the personal stories of my work. The comments and critiques I have gotten over these years have helped me push myself technically and creatively. I am so thankful to all of those who have wrote to let me know how my art made them feel. Just as important is the other artist who work year round and have kept me working at my craft and also kept me humble. I will miss the smiles, kindness, and friendly handshakes from those of you who have chosen to shine the light of humanity in these darkened corners of these facilities, again thank you for so much.

Please edit your Artist Statement to fit the space provided.
