

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Darrin mills

I needed something to stay busy and I seen a guy making frames out of empty potato chip bags and candy wrappers. Over the years I figured out different shapes I could make frame's out of and I use different materials and here it is. I enjoy doing it and it helps pass the time. I am a doggy handler here so making frame's has taught me patience and I use that to work with the doggs... I've had a doggy (18 of them) over the last 8 years. I help train them to be service doggs...
