Fire Frog, Ice Dragon

I am thankful to be a part this year (And every year)
but I have spent 5 months in the Hole (segregation)
this year & over being set up with a knife and
I had to scramble to send these items this year
as I had a large number of items destroyed by
going through this (I don't blame the guards for it
though!) So yeah thank you everyone for taking
interest in my work I hope you enjoy and hope you
enjoy the Exhibition this year
