My theme this year is: even though a fence separates us; we are all connected!

For the piece, "We see the same thing". I wanted to capture the passage of time, and something we have all looked at 'the Moon'. No matter where we are; we see the same thing!

For the piece, "Rippled Directions". I wanted to capture the direction, and course our lives take. Also, just like ripples in a pond; our lives create ripples. They touch, and mix with the lives of others with whom we come in contact. So, no matter what direction our lives take; the ripples we create touch the lives of those around us. We are all connected, and a part of something much bigger than ourselves!
