

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Dean Schneider

I've always been a creative person and I did draw a lot when I was young. I was also a part-time photographer before I came to prison. After coming to prison, I started drawing again to help pass the time and to keep my mind active. Many of my drawings are based on my own photos that I had sent to me. I get inspiration from photos, art books, "how to" books and magazines. I also recently started using acrylic paint and am excited at what I can do with it. Thank you and I hope everyone likes my work.
