I would just like to say thank you to "PCAP" and everyone involved for giving us (artist) a chance to showcase our work. Even though this is my first time actually having art in the exhibit, I have followed the project for several years and always appreciated what you do for the inmate population. What you do gives the artist/prisoners a "voice" at a time when we are most vulnerable and may not necessarily have that "voice" our selves. And, it is through our work/art that we are able to speak and have that voice, and I've always had a true appreciation for PCAP allowing us to express that! Again, thank you for this opportunity and I look forward to seeing what the future holds for the "Prisoner Creative Arts project...."
