

Artist Statement: 26th Annual Exhibition of Art by Michigan Prisoners

Artist Name: Dreex

Im 25 years old, I come from a family of tattoo artist, So Ive been around Art my entire life, I never took it serious until about 3 years ago. Art is a way for me to express my thoughts/feelings in a positive way. I try to make my work relatable to anyone, but still personal to me. Im Submitting two peices, The first called "Unresolved Trauma". Because I feel everyone has some sort of Trauma that has yet to be resolved. This peice relates specifically to some bad memories of mine that I feel only putting it on paper can help me cope. The second peice has no title, But it tells my struggle with Addiction. I hope my work will speak to anyone looking at it.
