

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Roemello "MELLO" Boseman

The bulk of my subject matter comes from a constant battle with depression. Therefore most of the imagery that I enjoy creating is beauty with underlying currents of "dark", "damaged" or "corruption", as I feel this is how depression would "look" (a struggle within despite the beauty without). As far as process, I believe Art comes from feeling, so I feel it, and then just put it on paper. I'm just the bridge between "feeling" and "imagery".
