Nostalgia, Keep Yo Head 2 the Sky

I am an artist who ranges
VARIES from poetry, song writing,
Drawing, painting, ~~poem~~ music production,
& performances (rap). Born and raised on
the westside of Detroit in a single
parent home I learned to express
myself through various forms of
art, but it wasn't until a few
years into my prison stint that I
began to cultivate these gifts and
talents, music being first and foremost.

Thanks to all who has attended
and volunteered their time in
efforts to support incarcerated
individuals!  Love & Peace
