The Baby

This picture was created to bring awareness to the overwhelming rise of women incarceration and the effects it has on the infants left behind. Prison Reform is needed desperately in the state of Michigan but those incarcerated can't make change in Michigan's current Criminal Justice System ^{alone}. I'm an active advocate of Prison Reform (Removing "Truth In Sentencing") and Restorative Justice. I hope that this picture titled "The Baby" touch you deeply as it has with many people in my current facility. ~~I~~ I'm also a published author, my book is titled "From Mental Slavery to Spiritual Freedom." It's currently on Amazon. For more information about my book or more artwork please contact me at www.Jpay.com ~~██████████~~
