ONE

This piece that I submitted entitled "ONE" was inspired by how I see us as a people. We are all different and sometimes those differences can create division amongst us. When in all truth we are all a part of one another no matter our unique shades, color of our eyes, shapes of our bodies or where we come from. In me there is a part of you and in you there is a part of me.

To embrace the fact that we are "one" will bring more peace, and open our eyes in a new way; the right way. This is my first time submitting any artwork to the creative arts project so thank you for taking the time to allow me to sprinkle you with a little of me.

In Truth
