Artist Name: Ellis Mills III

These pieces are representations of Luciferian/Satanic spirituality. The "Prayer" Drawing is one that I started last year but recently finished. It was during a course of meditations ~~and~~ dealing with Ophothic workings of the first sphere of the tree. My Luciferian Lawlessness piece is one inspired by the 'spirit fetish' talisman which is <sup>an object</sup> ~~making~~ that spiritual essence is <sup>channeled</sup> ~~through~~ through so I drew ~~a~~ one to give it a different form of expression ~~in~~ in a 2D sense. The Sigil of Art Drawing is a symbol ~~created~~ I created to inspire an artist's creative expression.
