Hey, I'm back for my tenth year, Last year I illustrated a yu-gi-oh! Toon deck, this year I went for the more challenging, but really cool, "Blue eyes" cards. I have actually been playing this deck for years, the structure not the illustrated cards, and have always enjoyed the look of "Uh-oh" when someone targets a maiden with eyes of blue. I hope you enjoy seeing the cards animated ~~in~~ in the anime style, I had a lot of fun drawing them. If your ever looking for your own custom cards, from any game, just contact me and I can make it happen.

Enjoy the P.C.A.P Art Show, thanks for supporting us.
