

Artist Statement — 30th Annual Exhibition of Artists in Michigan Prisons

Artist Name: angela fisher

I am a lover of nature, art and recycling! for me all things come from and return to trees! provision, protection, prosperity. Art, like trees are empowering. I wanted to create this Art 'Pieces of my Peace' ~~for~~ first for the Cross (made from wood) that Jesus was nailed to. Secondly my pieces are from ripped pieces of magazine pages that come from trees, lastly I found my own peace through Christ on the Cross.

I was surprised how emotional I became while I was ~~placing~~ placing the ripped pieces of skin ~~(meat)~~ (flesh) from all different skin tones. I was deeply reminded that He gave His life for all people. Jesus was inclusive long before it was cool!
