

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Terry Patterson

The inspiration for my first of 2 submissions was a combination of everyday life and hope for something better. For my second submission I've always enjoyed scary movies and Halloween ever since I was a kid. Making art for me is a true escape, it allows me to get away from the daily noise and to think about nothing else except for what's in front of me.
