BULLDAWG

This is my fourth year participating in the PCAP Annual Exhibition of Art by Michigan Prisoners. "REDEMPTION", (20th Annual), and "COLORBLIND", (24th Annual), are two of my most memorable submissions, and I am grateful to PCAP for providing this platform that allows me to challenge myself to grow as an artist. However, I don't just love to paint... I love being creative! Therefore, this year I decided to display a different range of my talent and build, "BULLDAWG". A billiard table/clock, with accessories completely handcrafted using chipboard, felt, & acrylic paints. Many hours of hard work & sweat were invested into this one-of-a-kind piece. With the quality of the craftsmanship, this fully functioning work of art is guaranteed to be a conversation piece that will last a lifetime.
