Life Giver

As I read Janie Paul's tribute to her husband I immediately felt compelled to express what was inside, which is what you see. I would like to be clear in saying it was not done for monetary gain. It is from the heart.

Despite how some people are cruel & uncaring there are souls among us that affect many in good ways. Buzzy Alexander is one of these great souls. Obviously he removed restraints and gave life to so many!

As my drawing shows his legacy will continue to grow.

This is for you Janie Paul.
