Hello Everyone,

I'm happy you all came to see all the unique and wonderful artworks. I'm not much for writing - that's probably why I enjoy painting and art so much. Most people have alot they want to say, but have to find different ways to express themselves, because for some reason it seems hard for alot of people to get their actual point or meaning across to others. Anyway, I hope you all enjoy the art and the show. Peace

King Hood
