Heart Felt

When I am cross-stitching, I am at the most peace
I can have inside prison fences. I concentrate on
the 4 holes it takes to make 1 stitch. So all that is
around me is irrelevant. I work 4 to 5 hours a day on
most pictures. The Home-sweet-Home took me 37 days
to do. It sounds like a lot of time, but it was enjoyable
time well spent. I thank you for appreciating my art
work. To me it's relaxing and I cannot express that
enough.
