

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Chiquita Fizer A.K.A cho-cho

The following art piece is dedicated to those behind bars and those who gave their time to the system and still find themselves fighting ~~the~~  the system. This piece is a follow up piece to an **I matter** drawing I did the previous year. I feel like once you look at the piece it speaks for its self. And the message behind this is not forgetting those left behind **IN**^{the} system.

We Matter is ~~is~~ a declaration of independence to not let the system keep us as victims, all while reminding them that we will never be just another statistic.
