Space Bass

I started to get a little more serious about art when an artist
John Lonchar told me I should take the art class here at Macomb.
I agreed and found it to be very relaxing and something I really enjoy.
I'm sad to say my roommate and friend MR Lonchar passed away
in October leaving a void in the art world he will be missed.
My work is not the greatest but I hope you enjoy it.

Thank you

James Galloway
