

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Devin McCormick

This is my third year with this exhibition, and each time I've tried to use a different emotion or feeling to influence me and my art. I still feel like the best art is created out of pain and sadness. This one is influenced more by the thrill seeker side. If I was standing high above the city like this I think I would be terrified. Yet I wish I could see it and feel how it would feel. This is my hope that others may see this and get just a glimpse into that thrill seeker side of themselves and get a spine tingle. Thank you for taking that step onto the edge.
