

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Pockets

I have lived my life with "ADHD" and "DYSLEXIA,"
I was always ashamed of myself. But when I realized
that I could create things from my imagination and
from looking at pictures, I started to feel good in
my skin. My skills are self-taught and it shows
me and others that you can be proud of yourself
and you can do whatever you set your mind to.
