

Artist Statement — 30th Annual Exhibition of Artists in Michigan Prisons

Artist Name: G.O.A.T 271

to me ART is a real talent that's created from one's mind to be seen by millions. It's a mistake after mistake made by the artist only to bring beauty to the minds of millions. It's an understanding which is the best part of life because you're able to see A Real talent for what it is and not what it appears to be.
