Artist Name: hassan a. mohammed ^{Please} (all lower case letters)

May GRACE and peace be upon you & the family.

art is precious to our world. it is expression and release. as an artist, i must live and die by what i produce. that commitment makes for good art. life makes for better art. being sexually and physically abused, i create art to fight against injustices to me, my community (humanity), and my world. the choices are easy, its the execution that is difficult. i pray God and CHRIST continue to lend me vision, skill, and insight not for art, but for life. as it is written, "Life imitates art, and art imitates life."
