

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: "WrathWorld"

WrathWorld is more than just a name, it's beyond a place. It's more of a feeling for me, multiple feelings being released all at once & displayed on canvas. Be a piece of paper, cloth, a wall or even through music. I would lift any person to an altitude in which they can experience WrathWorld at it's highest highs & it's lowest lows. Much of my work exhibits tears, but tears are shed through all sorts of emotion, fear, anger, happiness. The lesson in it is tears can take you from a sorrowful moment to one of triumph for having gotten through to the ~~end~~ end of your journey.
