

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Michael Sich.

For me, this is a great opportunity. I just started teaching myself to draw about a year ago. Really it started as a way ~~for~~ for me to avoid boredom. Then it was like therapy. I can escape the moment and live in my head. I appreciate your help as well as most people do.

As for the drawings, my inspiration comes from wanting to come home in 24 months and get some schooling in art. Learn to be a tattoo artist. My inspiration has come from who, what, where, why. The things I've seen or talked about mainly, my imagination takes over some days to though. Be well and Thank you.

Please edit your Artist Statement to fit the space provided.

Also I'm interested in Non profit work. An advise would be great. Thanks
