

Artist Name: Jimmie Reese

I AM A self-taught practicing ARTIST. I discovered that the essence of the subject is what draws ones ATTENTION. Therefore, I use the boldest colors, the softest hues, and the gentlest lines to bring my ARTWORK to life. Immersing myself into my WORK AND finding a way to best depict a peaceful landscape, OR to capture that brief moment of personality in a PERSON OR ANIMAL, gives each piece of ART A unique perspective, capturing a snapshot of emotion within each of us.

In 'FOR Family and Country', I aimed to show the father's devotion to his family AND country, AND that same patriotism being displayed by the child holding the flag.

In 'First Amendment', in this highly charged political atmosphere we live in today, I wanted to express the great ASSAULT being perpetuated on our right to Freedom of Speech. My PORTRAIT SAYS that even in these trying times, one should always be FREE to SAY whatever you want to say. (Portraits are fictional characters)

In closing, I encourage everyone to utilize the peace, love, and respect for one another, that God has bestowed within each of us.

Jimmie Reese
