

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Larry McWatters # 475200

When I was a kid I like building houses working on fixing up houses with my father. Then at a older age I came to prison and was inspired by people doing hobbycraft. First I was making jewelry boxes, thought what can I build for a young man.

I drew up some plans and went on to figure this out. I like using my hands and imagination to make this art.

Always liked Camping and Fishing in northern Michigan. I also like being creative with my free time.
