

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: James Tinker

The "memories" piece was a memory from my mother's house in Kentucky. She always grew sun flowers and loved butterflies. A lot of pieces I do are inspired from things I love to do or from memories. My growing up with mother is always an inspiration in my life. The other piece, "Flowers in a Vase" is my attempt at a more traditional approach to quilting. Which turned out well I think and has been well received by others.
