

Artist Name: Mark Jackson "Jack Art"

Art is like a river that flows and we are all caught up in its current --

Art has changed my life and given way to other aspects of my Arts and gifts.

Many lives have been changed thru the shadows of Art - the lights and darks of Contrasting colors -- all blending together to create beauty - anger - pain - joy - fulfillment - emptiness -- every feeling & emotion has the stamp of Art upon it in one way - shape or form.

Thank you God for the Gift
of Art...
