

Artist Statement 26th Annual Exhibition of Art by Michigan Prisoners

Artist Name: Cody Dean

For years now I've spent all my time learning to achieve Photo Realistic or Hyper Realistic results in my work. Its literally be come a drudge and seriously hard to even get motivated to draw.

I want to Create Beauty, But also I want to Make people think. I love art in all its aspects. Its amazing to Create something and then have someone tell me they see something completely different then I intended.

Art Can do so many things even beyond the scope of intentions. My hope is to illicit a smile or feeling and to bring people together

Thank you  
Cody Dean
