

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Kay

Hi I made this cabin for the Birds cause at the time I was going threw some bad things in my head and working with wood & glue helped me clear my head of negative or bad thoughts. Making this provides me with a distraction to focus on what is in front of me not be hind me. It lets me ignore all the bad and negative people around me. I try to encourage others but that may not be always the case in Prison.
