

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: VAN

I did this project because of how I was feeling through all the covid lockdown I had to go through. This project gave me something to do while I was stuck on my bunk for months on end. I think this project shows how most prisoners feel about the MDOC. I didn't really plan this project out. I just made things as I thought of them. I believe it speaks for itself.
