

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Shawn "Boister" Commire

Arts kept me going in some pretty dark turbulent times throughout these years. It's always been something to be able to fall back on. It's been rough & tricky, much like the path to Spiritwood, manifesting & controlling the flow of energy to open up new opportunities & expand horizons. Giving & Submitting Self, whole self, losing Self, to find new beginnings for more beautiful endings. By giving whole Self you get lost in what is to become what will be, a shadow of what was, because after all, the brighter the light the darker the shadow. Thanks for your time & having me.

Sincerely
