

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: RABU

Working with wood has always been something I enjoyed. It feels transcendental, as if this way I can feel with my fingers the way the Creator did when he created.

Doing this work, while in prison, was as if I had shaved 2 months off of my sentence. That's how long this project took.

I hope someone else can hold it, and feel the same way I do.
