

Artist Statement 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Suavá

I'm a young black man that enjoys comic books. I like to make art because it's relaxing and fun to be creative. I dedicate this piece to all victims of police brutality. The process was pretty simple I love marvel and I felt inspired by the black panther. As far as color I choose to pick colors that weren't realistic but bright and fun in a striking moral of war and aftermath. I hope people like it and get a wakanda forever vibe.
