

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Liam

Hello my Name is William Graves. I have spent most my life using Art to express myself and my emotions, The main piece is exactly that "Beautiful Monster" is a story of hope, love, security and then Immense heart break, deception and Emotional insecurity by a woman I met on a prisoner pen pal site. This is how I get over things. Art and music, for me, are a language of self expression, an esoteric language. I am Grateful for Art and Music for they forge friendships, opportunities, and help build so many avenues and bridges for progression and self expression. I encourage everyone to get involved
