

# Toilet Paper Sculptures

donated by  
Jacob Brody Steele

---

Those of us imprisoned with Mental Illnesses are generally referred to as "Bugs." We are treated like shit, so I use toilet paper as my medium and a lot of my art features bugs! These projects take days, weeks even. I choose to donate them to PCAP in hopes of a platform to scream out my message.

If you or a loved one suffers from a mental illness, if you care about this world and want less to suffer, please advocate loudly for the equal treatment of prisoners with mental illnesses.

Thank You.

Jacob Steele
