

Artist Statement: 26th Annual Exhibition of Art by Michigan Prisoners

Artist Name: Matthew Jay Wood Sr.

My artwork is an extension of my ability as an individual. My current interest has been watercolor. Especially Sumi E which is Japanese watercolor produced by mixing Sumi ink in various colors, primarily black, while utilizing the white space of the background to represent the "void".

3D Metal Art Sculpting is my primary interest as this was how I supported my Custom Metal Fabrication business prior to coming to prison.
