

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: _____

KG

This is my fourth year participating in the PCAP program. I am so grateful for this opportunity because, for one, it gives me the ability to measure my sentence by something other than years. Years are long, but saying that I only have 9 more PCAP shows is... easier to swallow. It also lets me tell the world "Hey, I'm still here!"

As for my art style, most of my drawings are Fantasy or Sci-Fi based, and usually seem like a snapshot from a story. I also like to play with perspective, in attempt to make my work appear to come off the page.

I intend to continue submitting pieces during each show while I'm here, but my vision is slowly giving out - I've already lost use of one eye. But as long as I can see and hold a pencil, I will be here! I hope you all enjoy my drawings as well as the rest of the exhibit. It really means a lot to all of us ~~in~~ here that you come to see our works.
