

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Billy Long 263202

I often tell people that I don't see the world like artists do and I stand on that statement. I'm not an artist, just a guy with a brush. I've been working with these mediums for about 10 months now and I still have a lot to learn. I think the hardest things for me to get around are the light source and shadows. But I'm working on that.

This is the first year in the RCHP program and I'm a little nervous about it. I hope you like something here, I enjoyed learning from them and look forward to learning more as I go.

Relax & Stay Safe.
Billy Long
