Drawing is an escape for me. I have been drawing since a kid. I always found joy in it. I have done a lot of drawings for family and friends. I have been doing the PCAP for 5 years now. I also enjoy doing it. I don't do the PCAP program for money, but if I do end up selling ~~it~~ ^{my Art} ~~it~~ it would be nice. Thank you for doing this program. It helps all of us that are in prison. I look forward to it every year.
